MM27 LOGOPRINTER

DESIGN

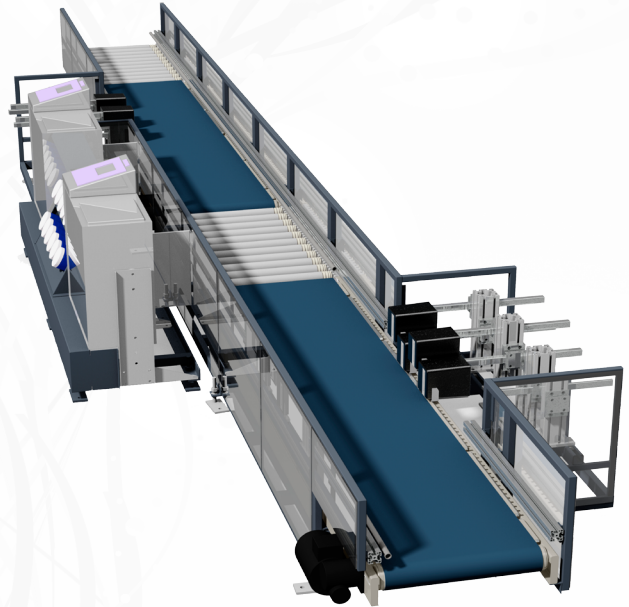

Colour printer for company's own or customer logo.

An option for time/date print and more.

Easy handling and maintenance through printing with Inkjet.

Transfer of the logo from PC to printer.

Adjustable for size of the part to be printed.

The customer at the center of attention

The printers are designed according to customer specifications, and is adaptable to most box sizes.

At CK Teknik we draw and possibly animate all products in 3D, which will cause unforeseen mechanical problems already to be identified and corrected in the design phase.

Options

Feeding magazine for fast key in of stacks.

Can be integrated in existing conveyor systems.

Printing from 2 sides and "topdown"

Stacking/taping devices can be installed after the printer.

Capacity

800-1500 boxes or sheets/hour, depending on size
